

After my car accident, my husband and I didn't know what to do. My car was totalled and I was diagnosed with severe whiplash. We felt blessed that our children were not hurt physically but the emotional trauma was difficult to deal with. A friend recommended talking to Mr. Brent Parker - just to see what he thought about the situation. When we walked into the office, we immediately felt at ease. His concern for our well being was so sincere and he was genuinely upset for us. He clearly stated what he could do and that it was definitely a good case. Mr. Parker did not guarantee what the outcome would be, but my husband and I both felt that Mr. Parker would do everything in his power to win.

Over the next 3 years, we also felt we had good friends at Parker Law Firm. They were all very encouraging and extremely thorough. Even when we moved out of state, the staff bent over backwards to try and get the case settled.

We finally went to court. Mr. Parker was knowledgeable, well prepared, positive and made me feel comfortable during the whole process. It was one of the most difficult times in our lives. At the end of 3 days, the verdict came back in our favor! We had won! Mr. Parker and his staff had brought us to the end of a rough road with a win.

My husband and I would highly recommend Parker Law Firm. When you are surrounded by people from Parker Law Firm, you are surrounded by family.

Sincerely,

Heather and Bert Baker
