

This law firm was a wonderful firm to be
associate with. Realizing when I was told
that I was going to have to take the insurance
Company to Court was very upsetting for me. but
when I talked with Brent he made me feel
more comfortable about the situation. Brent &
his staff are very efficient and handled the
matter with smiling faces no matter how
many times I called the office to ask
silly questions! I ~~will~~ recommend his law
firm to anyone that I know that has
never had to deal with a law suit or
anything of that matter. They ~~always~~ was
there to answer any of my questions or
even if I just needed a little reassurance
that everything was going to be alright!

Brent & his staff took care of this matter
a lot faster than I thought they would.

They did not drag it out for a long period
of time and I am grateful for that. I
had a great pleasure meeting with him & his
staff. They are ~~awesome~~ number 1! Ronda M. James
